

# AURORA KIDS FOUNDATION

AKF is a Not For Profit Organization  
(501C3 Filing Pending)

## Aurora Kids Foundation Mission

The Aurora Kids Foundation is committed to making the benefits of youth soccer available to families in the Aurora Township Communities. Our mission is to enhance, support, promote and foster soccer related programs that benefit the long-term development and leadership skills of boys and girls within those communities. It is our goal to focus on those programs and projects that help develop soccer players, families and their teams/clubs as good community citizens through: Player character, social development, teamwork, leadership and self-discipline.

Gender equity opportunities in all Foundation supported organizations will include:

- Free Soccer camps or training programs where none previously existed.
- Provide training, equipment and enhance current facilities to foster a safe learning environment.
- The long-term development of soccer by high level coaches with enthusiasm and empathy.
- We are looking to help build the future of our children one child at a time. Please join our cause!
